DTM EXPERIENCE

Good value at the current \$8.00 at 50% off but I would rather pay \$13 just a bit more for the ADAC GT Masters Experience 2014.. Very, very good! A great expansion for a more realistic game!. RaceRoomExperience is hands down in the top three simulator softwares I use for racing training. DTM is perfect next to the real thing. Thank you RaceRoom for an incredible experience!

. Nice racing experience. Great game, very realistic, on par with Assetto Corsa. Not bad, no weather but fun to drive.. With DTM Experience, RaceRoom Racing Experience becomes a full blown, excellent racing game. You will need dedicated graphics and a steering wheel.. I cautiously recommend this game.

I LOVE and HATE raceroom. I got Raceroom for the Dtm experience DLC. More like DRM experience.

when the server goes .. so will all your expensive micro transactions and this nice DLC..thanks again always online DRM. I HOPE someone patches this or an offline crack is made

Pros:

I really liked the graphics and the sounds are amazing!! with good physics..too bad I'm just renting this game.. Hell yeeaahhh!
